AIRLINE & AEROSPACE MRO & FLIGHT OPERATIONS IT CONFERENCES FOR 2022 THE THREE SERIES 2022

LONDON 8th & 9th JUNE

The Airline & Aerospace MRO & Flight Operations IT Conference EMEA will cater for and target key decision makers at airlines and independent MRO suppliers from Europe, Middle East and Rest of World.

MIAMI 13th & 14th SEPTEMBER

The Airline & Aerospace MRO & Flight Operations IT Conference Americas will cater for and target key decision makers at airlines and independent MRO suppliers from North, Central and South America.

BANGKOK 19th & 20th OCTOBER

The Airline & Aerospace MRO & Flight Operations IT Conference Asia/Pacific will Cater for and target key decision makers at airlines and independent MRO suppliers from the Asia/Pacific region.

Since its launch in Munich in 2006 the Airline & Aerospace MRO & Flight Operations IT Conference has gone from strength to strength and brings together airline personnel who are responsible for, or have input into, reviewing the IT systems they use for their MRO or flight operations.

Aircraft Commerce offers a comprehensive coverage of airlines from around the world via our "Three Series" of conferences. With many companies now budgeting for the forthcoming year's marketing activities, we are offering our clients the opportunity to book our "Three Series" of conferences for 2022 in London, Miami and Bangkok. This provides a good means of planning and controlling your budget effectively and if you are booking, we can offer a "Three Series" discount of 15% on our rates which you can see on our order form.

We look forward to welcoming you back in-person to our 2022 program of conferences.

KEYNOTE PRESENTATIONS/CASE STUDIES

The Airline & Aerospace MRO & Flight Operations IT Conferences will take place in 2022 in London (EMEA), Miami (Americas) and Bangkok (APAC). The events will feature a 2 day agenda of presentations and workshops in the main conference rooms with live software/hardware demonstrations from leading vendors in the adjacent exhibition hall.

The conferences will address the issues relating to the development of IT and its application in maintenance and flight operations, giving airline and independent MRO company delegates responsible for reviewing, selecting or using MRO and flight operations IT systems the opportunity

to hear and discuss the latest trends and developments.

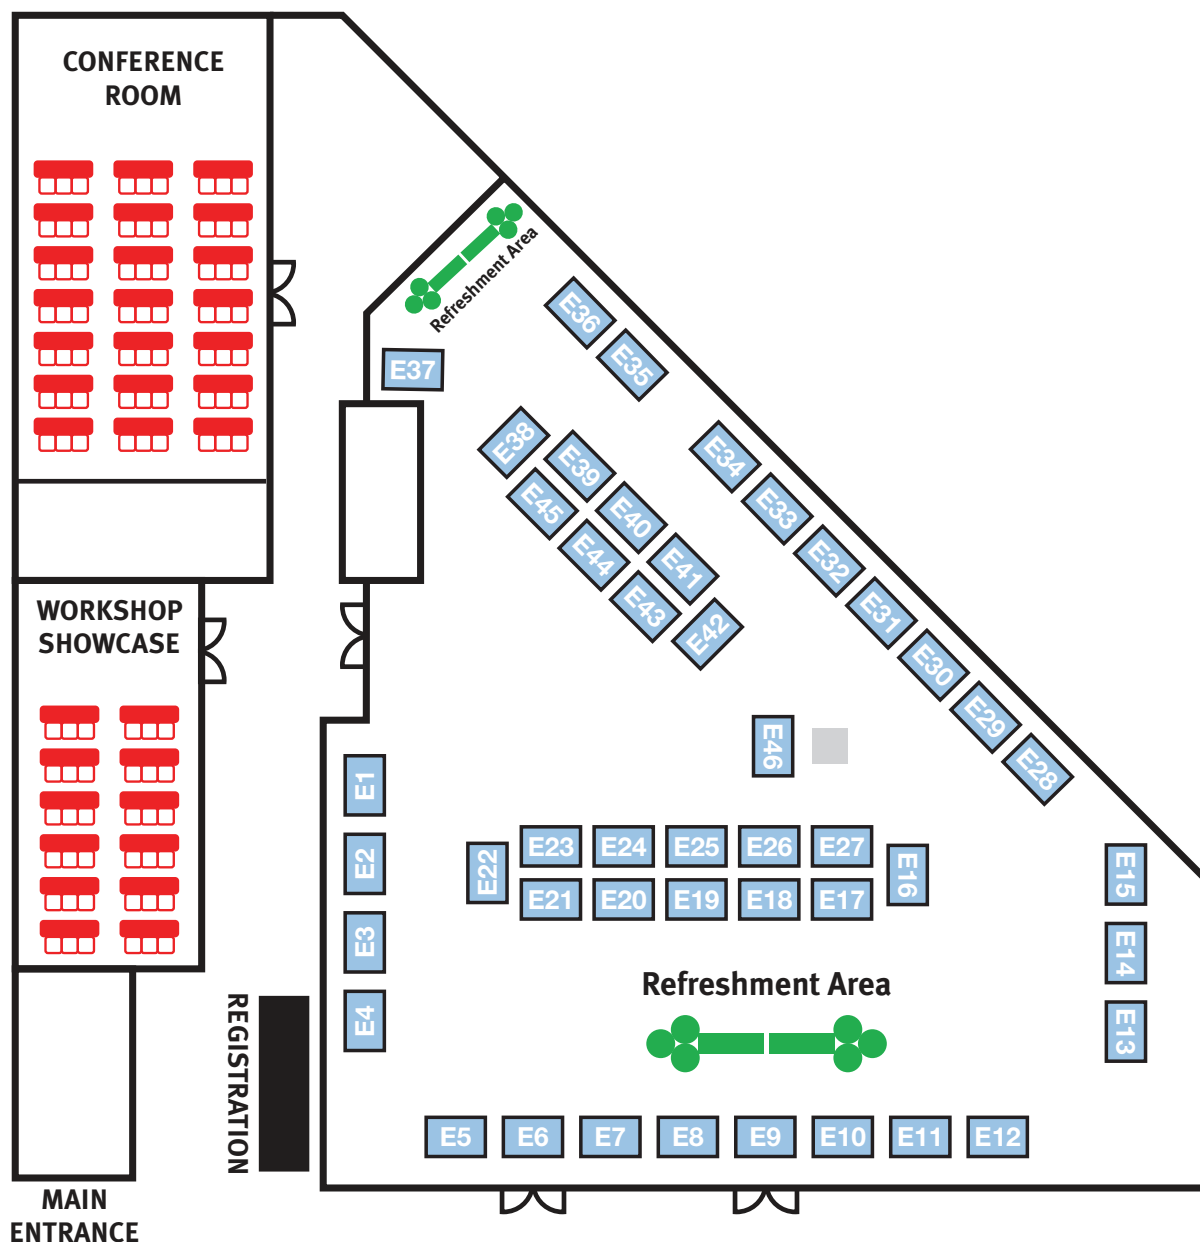

The events provide an ideal platform for vendors to network with and demo/exhibit their software/hardware solutions to a highly targeted, captive audience of senior airline/MRO executives and IT personnel.

Having held the conferences pre-pandemic with great success, the events in 2022 will again bring together airlines and MROs from across the globe with the world's leading IT vendors.

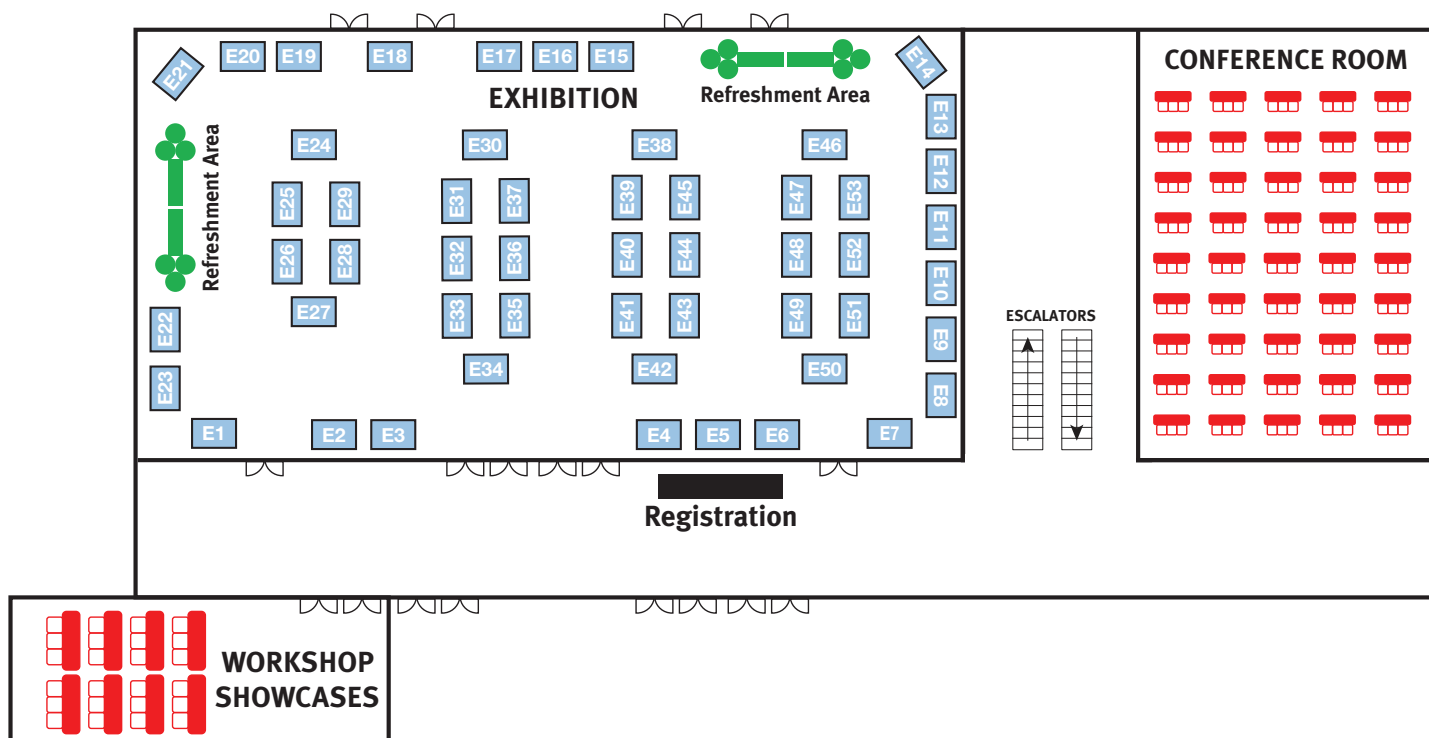

each exhibitor space is 3 metres by 2 metres and includes:

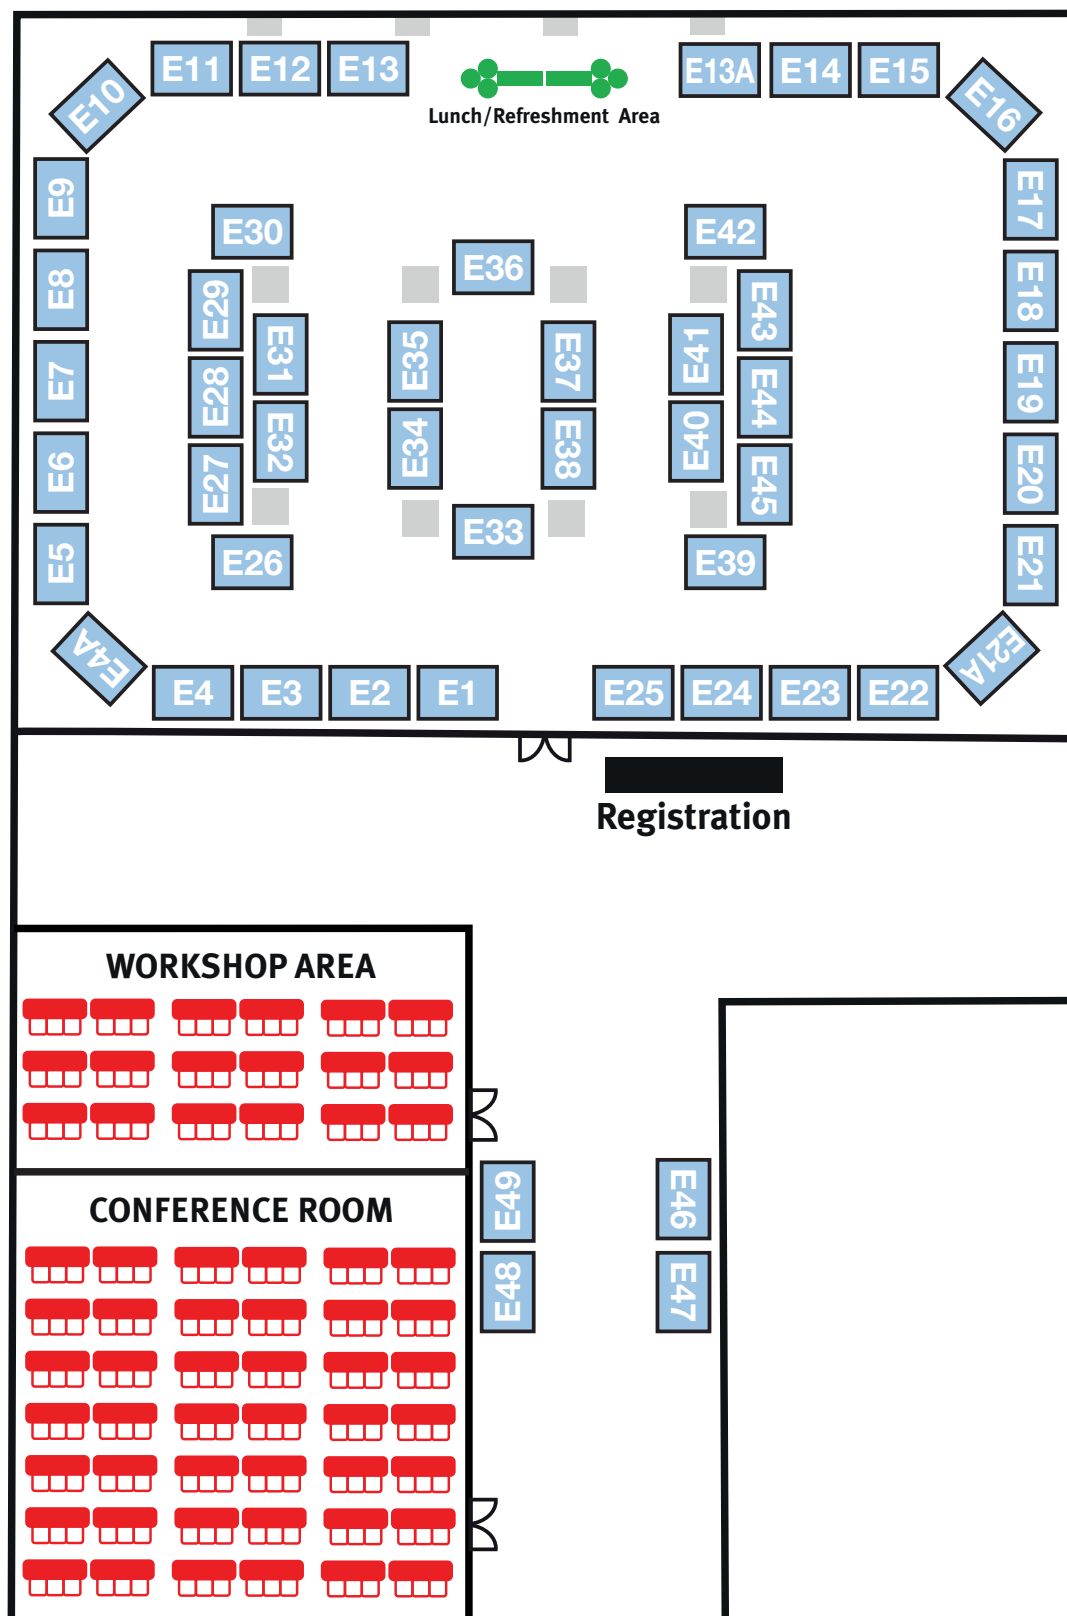

- The opportunity of a speaking slot for one of your airline clients* (title of presentation and speaker to be confirmed by Aircraft Commerce).
- 2 complimentary delegate places.
- One 24 inch flat screen monitor.

15th ANNUAL FLIGHT OPERATIONS CONFERENCE 29th & 30th NOVEMBER 2022

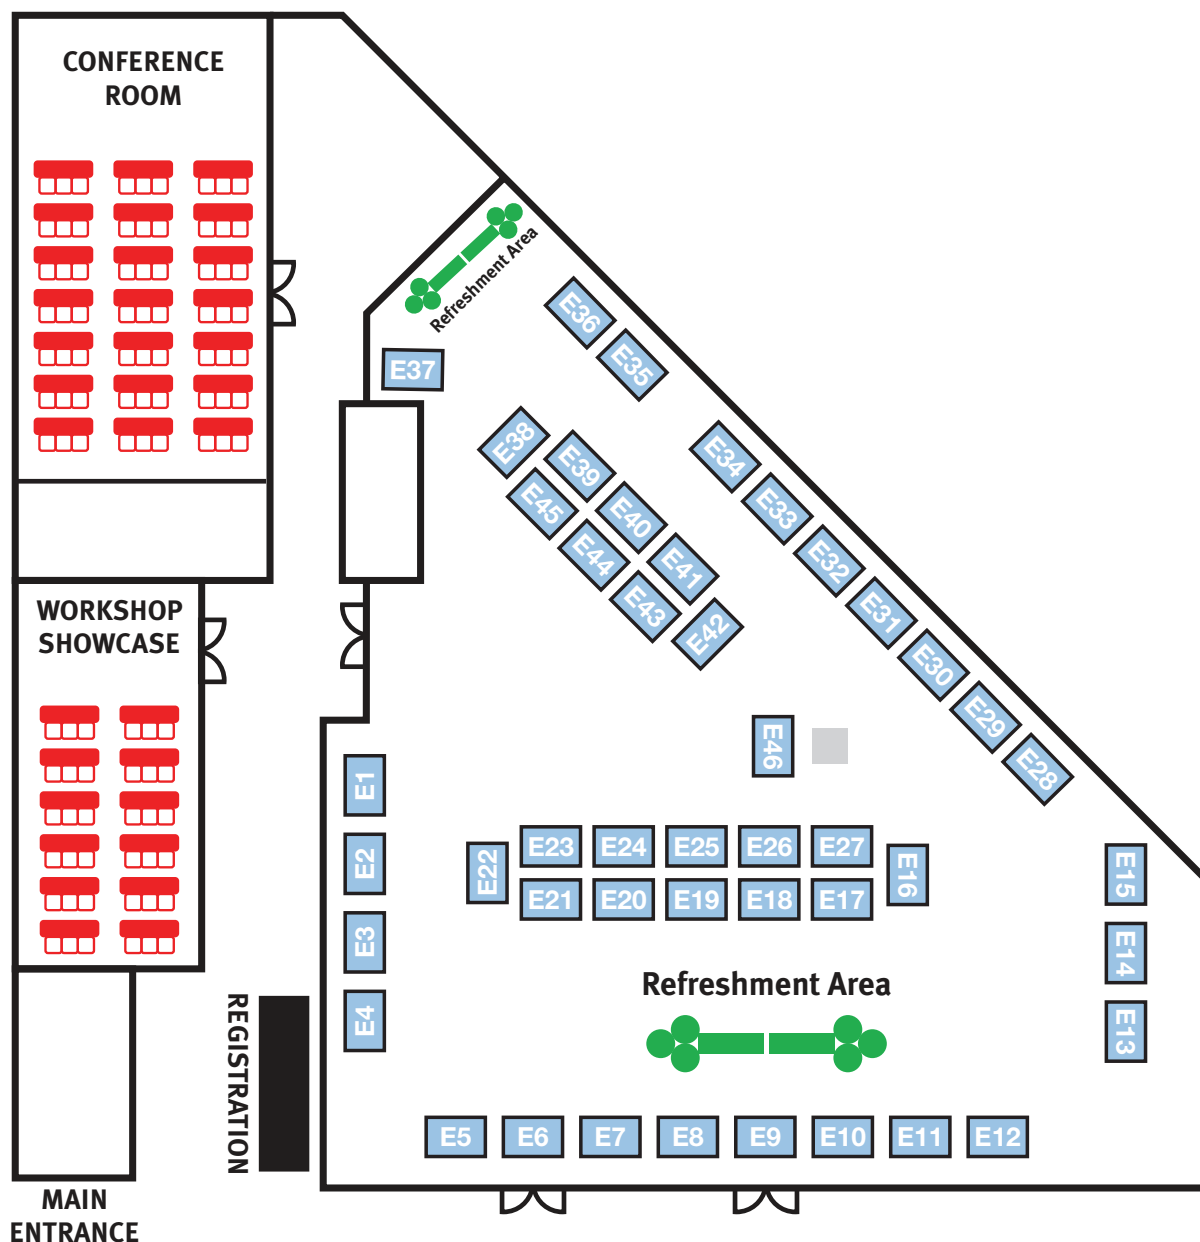

Aircraft Commerce has developed the Flight Operations Conference into a **CAREFULLY TARGETED** niche event which gives airline delegates responsible for reviewing flight operations at their airlines the chance to hear and discuss the latest trends and developments via presentations on topics such as:

- Tablets in the Flight Deck
- Electronic Flight Bag (EFB)
- Aircraft Connectivity
- Live Flight Tracking
- Latest Aircraft & Engine Types
- Fuel Efficiency
- Aviation Biofuel
- Latest Innovations
- Latest IT Solutions

The conference provides companies supplying technology, equipment and services to the Flight Operations sector of the airline industry with the opportunity to promote and market their expertise to delegates via “table top” style exhibits.

Radisson Hotel & Conference Centre, London Heathrow
