## Wi-Fi

### Conference Wi-Fi Network

As part of the service for exhibitors and attendees, we will be providing a secure wireless network for the duration of the conference. This network will protect the devices and users from all outside interference. This wireless network will be available in the conference and exhibition space.

### Login Guide to the Wi-Fi network

In order to connect to the network please do the following from your device/s:

- 1) Browse for available wireless networks
- 2) Choose the network name called "Aircraft Commerce" by clicking on this. The password for this network is: ACEMEA2022
- 4) This network will not be available outside the area of the conference and your device will automatically connect you to a network within the hotel, which you have previously connected to. It is important to ensure that you always join the "Aircraft Commerce" wireless network when you are back in the conference area in order to get the benefit of this customised network.

## MOBILE PHONES

As a courtesy to speakers and other delegates, please ensure phones are muted during all sessions.
